APPLICATIONS RECEIVED

During the month of October, the Department of Human Services received 4,983 applications for Aid to Families with Dependent Children, a decrease of 2,288 (31.5 percent) from the number received during September. In comparison with the number of applications received during October of the preceding year, there was an increase of 370 applications (8 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 5,922 AFDC applications during October. This number was 48 percent of the total applications on hand. It compares with 42.6 percent of the total number on hand for which investigations were completed during the preceding month and 50.9 percent for which investigations were completed during the same month of the preceding year. Three thousand eight hundred and seventy-one (65.4 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during October, in comparison with 3,584 applicants (65.8 percent of those investigated) approved the preceding month and 3,368 applicants (63.4 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 8 percent over the number approved in September, and an increase of 14.9 percent over the number approved in October, 1985. The rate of approvals for the AFDC Program decreased from the preceding month by 0.4 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 2 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during October amounted to $9,127,402.00. This was an increase of 4.3 percent over the amount of money payments for September, and an increase of 11.3 percent over the money payments for October of the preceding year. Payments were made for 61,658 families with 113,941 children at an average grant of $148.03 per family and $80.11 per child. The average grant increased over September by $2.68 per family and $1.35 per child. In comparison with the same month of last year, the average grant showed an increase of $4.64 per family and an increase of $2.99 per child.

CASES CLOSED

Two thousand three hundred and twenty-three AFDC cases were closed during October, a decrease of 13.7 percent from the September closures. In comparison with the same month of the preceding year, the closures showed a decrease of 2.6 percent. One hundred and seventy (7.3 percent) of the AFDC cases closed during October were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand one hundred and fifty-three (92.7 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.
